

# ZOOM MEETINGS

Of course it is now impossible to hold any committee meetings in the real world so we use Zoom to invite members and discuss important matters on our agenda. Naturally we want the background to look good because if you look at zoom meetings on TV all the bookcases are neatly filled with impressive books. For this reason charity shops are selling loads of books to stock these shelves. Our members, young and old, are becoming more and more computer-literate every day, which is a bonus for all.
