Special Event!

Swiss Pairs adds an exciting strategic dimension to bridge tournaments

Initially, opponents in the first round are chosen randomly. However, starting from subsequent rounds, the Swiss element comes into play. You are matched against opponents close to you in the ranking list.

Basically- people play against players of their own strength making it a level playing field

Pre-Entry Essential via NIBU [Entry Form](#) by Wed 3rd April

£15 per person (payable at table)
